The Ted Muller After-School &
Summer Camp Scholarship Fund

MISSION STATEMENT:

The Ted Fund provides Evanston public elementary school children of limited means with access to stimulating opportunities: organized recreation, summer day camp, after-school recreation, computer coaching, and personal mentoring.

These important programs foster confidence-building, skill development, and a sense of hope. It has been proven that such experiences impact the futures of young children in profound ways. This year, with your generous assistance, the Ted Fund will be able to offer more scholarships to deserving children.
